

February 20, 2021

Dear Current and Future Members,

First, let me start by saying how excited I am at the simple need for me to write this letter. I think that we can all agree 2020 was a year that we are thankful has passed us. The covid pandemic has proved to be something we will never forget. I am so pleased to announce that we are planning on opening the Ricky Taylor Memorial Swimming Pool for the 2021 summer season. Obviously, the opening is contingent on the state staying in a phase 3 or higher opening phase.

We have been working very hard to ensure we can not only open but we can do so while maintaining a safe and healthy environment that you all have come to expect. I would like to take a moment and highlight the changes and additions to the pool that we have implemented for this season.

Masks/Social Distancing: We will require anyone entering, exiting or moving about the pool area to wear a mask. Also, we will require social distancing while on the pool deck. You will notice that chair groups will be spaced apart.

Cleaning: We will have additional cleaning procedures for chairs and loungers between guests. We will also be cleaning the restrooms on a regular more frequent basis. In addition, we will be using approved cleaning supplies to keep our snack shack area clean as well.

Snack Shack: We will no longer be able to provide food options that require preparation. This includes cheeseburgers, pizza and corn dogs. We have been working to find “grab and go” options to replace these. We will still be able to offer our pre-packaged goodies and drinks.

Check-in/ Check-out Procedures: Each member and guest will need to stop at the snack shack in order to check in before entering the pool. Guests will also need to do a quick check-out upon leaving so that cleaning can begin.

Please understand that we will operate under the CDC and state covid guidelines. As a result these procedures may change as needed and without warning.

Below, you will find the pricing for membership. I wanted to highlight a couple changes that have resulted for the current condition. We have not changed any of the pricing from 2019. In addition, if the phases change and we end up closing for the summer, the fees will be prorated and put towards 2022 membership fees.

Premier Household Membership NEW: \$350.00

This membership includes all family members that live in the same household (under the same roof). It also includes 5 additional one day passes. A household is defined as persons living at the same physical address for the duration of pool operation season.. Anyone older than 18, must provide proof of residency.
